

Betha Carillo

Hello! I am writing this letter to thank you all because you have helped us and never forget about us. Thank you for helping us with all your strength in all that you can and everything you have helped with has benefited us. Also, thank you for doing everything possible to make us better. Thanks for everything! God bless you.

Sincerely,

Betha

P.S. Thanks

I write this letter to say that I am thankful for Casa Sonrisa and all they have given me. I also thank my grandpa Pedro Rivas Figueroa for all the opportunities he has given me even when I got bad grades. I know that he loves me very much. Another good thing about Casa Sonrisa is that I feel like it is my true home. Now I am 13, but I came to Casa Sonrisa when I was 5 months old. I came here because my parents couldn't take care of me, but thanks to my grandpa I am well and thanks to God. They treat me well in Casa Sonrisa. (this next part is fuzzy) When I act badly or get bad grades I get in trouble from my Mom and I can't watch TV, but I feel like they treat me well.

Thanks, Grandpa Pedro Rivas.

I am very happy to be in Casa Sonrisa and I wouldn't want to leave. Thank you, Grandpa, Brother Saul and Sister Pili for taking care of us and teaching us and also for teaching the little kids. I came to Casa Sonrisa when I was very young and now I am 14. I have been in Casa Sonrisa 13 years and they teach us well. Also my grandpa made sure I went to a school to learn and to be someone in life like a doctor, teacher, architect, engineer, English teacher, etc. Thanks a lot for being by our side Grandpa Pedro and thanks a lot for reading this letter because it is very important to me.

Sincerely,

Margarita Garcia G

Hello and I am thankful that my grandpa treats us well. I am happy to be in Casa Sonrisa also I am thankful for brother Saul and sister Pili for caring for us and for giving us what we need. We do not lack anything because they care for us and did things for us. I feel very glad to be in Casa Sonrisa and I am very happy because they helped us and were there for us when we didn't understand. I am very happy for all they have done and they always care for us so that we don't need anything. In Casa Sonrisa they treat us well with lots of affection and tell us not to act badly and to care for the little ones. It is the job of the bigger kids to help teach the little ones and tell them not to fight because they are like siblings. That is all and I am very happy.

I am very thankful to be in Casa Sonrisa because since I got here I have been treated very well. (this part is kind of fuzzy, here's my best guess) It seemed like I was just coming to visit but I wouldn't want to leave because I feel very good here and I don't lack anything. I know that here I am treated equal so I decided that I don't want to leave. I am very thankful for Casa Sonrisa because here they treat me very well and I feel pleased here because I have everything I need and they give me things to study. I learn a lot here. I am also thankful for my Grandpa Pedro for everything that he has done with us. I am very happy to be in Casa Sonrisa because it is the best place to bring me. Also I have parents who treat me well

and I behave well for them because I am thankful to be in Casa Sonrisa. If I leave I will never forget the best moments that have happened in Casa Sonrisa. I hope that my siblings thank you in their letters for everything and for our parents. I hope that Casa Sonrisa continues running because it is the best house. Thank you so much, grandpa, for everything you have done for all of us. I love my Grandpa a lot. Thanks to him we don't lack anything and we always have lots of stuff. I am thankful for everyone who helps Casa Sonrisa.

Sincerely,

Rosa
